

OX-ON

DESIGNED TO PROTECT

PRODUCT CATALOGUE
2022-2024

Your safety is our passion

OX-ON A / S is one of Denmark's leading total suppliers of Personal Protective Equipment (PPE).

The company was founded in 1983 under the name Sækko Industri, but changed name and logo to OX-ON in 2016. Today we have employees in Denmark, Sweden, Finland, Germany and Poland.

Our large product range covers e.g. gloves, fall protection, hearing protection, respiratory protection, head protection, eye protection and protective coveralls.

Our products are always selected and developed with focus on high quality, safety, innovation and functionality and always thoroughly tested before entering the market.

Our products therefore meet the most stringent safety requirements and durable in the toughest working conditions.

Our products are sold in most of Europe through major hardware stores, distributors and wholesalers.

Our team of professional safety experts offers you product advice, training, inspection and information on specific regulatory requirements so you can make the right decision.

“YOUR SAFETY IS OUR PASSION”.

OX-ON
DESIGNED TO PROTECT

Why choose OX-ON?

There are many reasons for choosing OX-ON,
but the best is really straightforward:

We take our responsibility as a safety expert seriously.
It's all about giving you maximum safety – whoever you are.

Passion

We develop and select the best products in the market.

Thoroughness

We test and we test until we
- and you - are completely sure.

Expertise

We put all our expertise
at your disposal
when you need it.

Responsible

We comply with all applicable regulations and environmental requirements - and a little more.

Human

We protect your senses
and keep you safe.

Sense

We develop your business
with profitable products
and concepts.

HOW TO FIND THE RIGHT OX-ON PRODUCT

All OX-ON products are classified; BASIC, COMFORT or SUPREME. The three classifications show you the quality, price and performance of the products. This will make it easier for you to choose the right product.

BASIC

Good quality at the right price!

- Good and reasonable quality
- Affordable price
- Covers the basic authorizations, standards and safety requirements within current legislation

GOOD
QUALITY

COMFORT

For the quality conscious consumer!

- Focus on properties such as materials, durability and comfort
- Top quality at a reasonable price
- Meet all current authorizations, standards and safety requirements within current legislation

TOP
QUALITY

SUPREME

When only the best is good enough!

- Eksklusive materials
- Outstanding performance
- Perfect comfort
- Tasteful design
- Meet all current authorizations, standards and safety requirements within current legislation

EXCLUSIVE
QUALITY

OUR THREE OX-ON COLLECTIONS

OX-ON CLASSIC COLLECTION

is our largest product line, in which you'll find the more classic and common OX-ON products, which are well known for their excellent performance, fit and properties.

All products have been categorised into: BASIC, COMFORT and SUPREME, so you can easily and precisely select the OX-ON product, which meets your requirements.

OX-ON ADVANCED COLLECTION

is working gloves of superior standards, in which the quality is absolutely high-end. Designed by experts and manufactured for the much professional user, who wears gloves several hours a day, and who requires gloves with custom-made features, which correlate with specific job assignments.

You can tell the Advanced Collection by its golden beam under the OX-ON logo with the inscription Advanced Collection, as well as pictographs with one or more special functions, which the glove has acquired.

OX-ON SUSTAINABLE COLLECTION

is our product line, focusing on sustainability, reductions in CO2 and cleaner nature. Here, you'll for example find our OX-ON Recycle Series, which is a series of working gloves manufactured by 50% recycling polyester made by used plastic bottles.

You can tell the OX-ON Sustainable Collection by the green X in the logo, as well as the green beam with the inscription Sustainable Collection.

Do you want to know more about our products?

If you need more information than you can find
in this catalog, there are several options:

CONTACT OUR CUSTOMER SUPPORT

Our experts are available by phone and by e-mail every weekday.

Contact us regarding your orders, or if you have questions about
a product or other questions about personal protective equipment.

Our telephone number is (+45) 743 11 888 and our email is
info@ox-on.com.

FIND INFORMATION ON OX-ON.COM

On our OX-ON website you can find information about all our products.

Here, our search function helps you find exactly the item you are looking for.

On our website you will also find the menu item "knowledge"
with all our useful info, as well as download product images,
user manuals, data sheets and certificates.

MEET US ON YOUTUBE.COM

On YouTube you can find various short films about our products
as well as about OX-ON in general. Just search for "OX-ON" in the
search field. Get notified automatically every time we publish a
new video by subscribing to our OX-ON channel on YouTube.

OX-ON CUT SUPREME 9603

OX-ON Cut Supreme 9603 is an extremely cut-resistant (cut level D) winter-lined glove for anyone working in cold conditions where there is a risk of cutting injuries – for example as a glazier, metal worker, carpenter, contractor or in refuse collection and scaffolding. The inner layer of the glove ensures that hands stay dry and the outer layer provides extra durability and good grip. The double latex coating – and the knit's special blend of materials – make this glove extremely soft, supple and comfortable with great finger touch sensitivity and excellent fit. Thanks to these features, Cut Supreme 9603 gives you the ultimate glove for safety and comfort.

OX-ON HARNESS V8 DISCOVERY SUPREME

SUPREME

OX-ON
DESIGNED TO PROTECT

OX-ON V8 Discovery Harness Supreme is a lightweight three-point harness, which you can use for the vast majority of demanding applications such as industrial climbing in masts and wind turbines.

The harness is extremely comfortable with extra padding on the thigh straps. Moreover, it is provided with an ergonomic back supporting belt for positioning. The unique design allows you decidedly to use the harness as a sit harness.

The harness has user-friendly quick-connect buckles, which make it easy for you to put it on and take it off. With its many adjustment options you have here a unique harness that gives you virtually unlimited mobility and flexibility. The harness is made in strong and thoroughly tested two-coloured webbing, which with its teflon coating is very dirt-resistant, making it easy for you to clean and maintain your harness.

The OX-ON harness is provided with strong dorsal and sternal aluminium D-rings. The belt straps make it possible for you to fasten e.g. your tools. In each side of the ergonomic positioning belt you also have an aluminium D-ring to which you can fasten a work positioning lanyard. The OX-ON V8 Discovery Harness Supreme is the perfect harness for the service technician and the professional user.

OX-ON MAVERICK LANYARD W/HOOK SUPREME 1.9 M

OX-ON Magnum Flex Lanyard Supreme 1.9 meter fall arrester line was tested on users between 50 and 150 kg. Used for e.g. scaffolding work. Rope in 35 mm polyester tubular webbing with integrated energy absorber. The energy absorber gradually reduces the energy in the event of a fall, so that the braking does not become too abrupt. The fall arrester line also has an integrated strap for rescue, which is triggered in the event of a fall. Large, user-friendly, aluminum scaffolding hook with a 60 mm opening at one end and aluminum twist-lock hook with a 22 mm opening at the other end to ensure quick and easy operation. The anchorage point should, if possible, be above head height to reduce the ground clearance.

OX-ON MAGNUM FLEX TWIN LANYARD SUPREME 1.9 M

SUPREME

OX-ON
 DESIGNED TO PROTECT

OX-ON Magnum Flex Lanyard Supreme 1,9 m er en ekstremt stærk klatrelinje på 1,9 meter, der er testet på brugere imellem 50 og 150 kg., og som du kan anvende i forbindelse med fx arbejde på stillads. Rebet er udført i stærk 35 mm polyester rørwebbing med integreret energiabsorber. Energiabsorberen reducerer gradvist energien ved fald, så opbremsningen ikke bliver for brat. Falddæmpningslinen har desuden en integreret strop til redning, som udløses ved et fald. OX-ON Magnum Flex Lanyard Supreme er udstyret med store brugervenlige aluminiums stilladskroge, der har 60 mm åbninger og en aluminiums krog med auto-lock og 25 mm åbning, som sikrer dig hurtig og nem betjening.

OX-ON TECMEN POWERED AIR KIT COMFORT

COMFORT

OX-ON
DESIGNED TO PROTECT

The OX-ON Powered Air Kit Comfort is a complete, high-quality turbo unit consisting of:

- Motor unit with comfort belt
- P3 filter
- Pre-filter
- Spark screen
- Self-adjusting breathing tube
- Shoulder strap
- Heavy duty battery
- Battery charger
- Air flow meter
- Storage bag

Low weight and ergonomic design makes the unit comfortable to use for extended periods.

With this extremely robust Tecmen motor unit model, the air flow can be adjusted at two levels. Low air flow of 170+ l/minute and high air flow of 210+ l/minute.

A particle filter as well as organic filter can be used with the Tecmen model. One P3 filter is supplied with this set.

Both the battery and filter capacity can be clearly read via LED indicators on the turbo unit display.

The heavy-duty Li-ion battery has an active working capacity of around 15 hours at 170 l/minute and around 9 hours at 210 l/minute. The charging time is approximately 120 minutes.

Self-adjusting, protected air hose with bayonet coupling provides optimal comfort while working.

Category: TH2 and TH3 depending on the choice of headpiece.

The OX-ON Powered Air Kit Comfort has three alarm functions if the air flow falls too low: Visual, audible, and vibrating. There is also an alarm (which beeps and vibrates) to indicate low battery level.

ORDER		
Size	Art. No.	EAN No.
	350.00	5701952350001

PROPERTIES

- Air flow: 170 – 210 l/minute
- Battery capacity: Approximately 15 hours
- Charging time: approximately 2 hour
- Visual, audible, and vibrating alarm.
- LED indicator for filter/battery capacity
- Warning when battery level is low

OX-ON TECMEN FACE SHIELD F/PAPR COMFORT

COMFORT

OX-ON
 DESIGNED TO PROTECT

OX-ON TECMEN Face shield G10 f/PAPR Comfort is a comfortable, lightweight, exceptionally well-balanced face shield with neck adjustment ratchet for a perfect fit. The Face shield is for use with OX-ON TECMEN Powered Air Comfort (item no. 350.10). OX-ON TECMEN Face shield G10 f/PAPR Comfort features a large flip-up visor for a good view. The visor is made of strong scratch- and impact-resistant polycarbonate. An exceptionally good fit and a comfortable face seal makes the face shield comfortable for extended wear. It gives you the option of controlling the respiratory airflow direction inside the face shield. Easy and simple bayonet connection of hose. Options to replace visor and face seal: OX-ON TECMEN Protective Visor Comfort (item no. 350.44) and OX-ON TECMEN Standard Face Seal Comfort (item no. 350.43) Optional add-on visor protection: OX-ON TECMEN Disposable Visor Covers, pack of 10 pcs. Comfort (item no. 350.45) Can be used in a wide range of areas: construction, automotive, transport, etc.

OX-ON TECMEN SHOULDER STRAP COMFORT

COMFORT

OX-ON
DESIGNED TO PROTECT

The OX-ON Shoulder Strap Comfort is a comfortable strap that can be fitted on the OX-ON Powered Air Comfort turbo unit.

The strap features four user-friendly hooks that fit easily into the plastic rings sewn into the comfortable belt to which the actual turbo unit is fitted.

The strap distributes the weight across the shoulders, so that it isn't only the belt around your waist that bears the weight. The strap is particularly useful in conjunction with slightly heavier filters such as ABEK.

The strap is adjustable, meaning it can be adapted to the individual user.

OX-ON Earmuffs Bluetooth BT2 Comfort are robust earmuffs with Bluetooth, microphone, AUX input, integrated rechargeable battery and accessory USB cable. Unique dual headband that reduces the pressure to your head and a weight of just 353 grams, making these earmuffs incredibly light and comfortable to wear. OX-ON Earmuffs Bluetooth BT2 Comfort feature a ventilated inner band for increased breathability and great comfort. You have the option of adjusting the headband to your own personal fit and positioning the snap-in ear pads as desired. The smart 'quick click' system ensures that your settings remain locked in place while you work. OX-ON Earmuffs Bluetooth BT2 Comfort have an attenuation value (SNR value) of 29 dB. See the guide to choosing hearing protection with the right attenuation value.
