A Story of American Ingenuity

West Coast Corporation founder W.R. Lummis invented the Original KEY-BAK® Self-Retracting Key Reel in 1948. As a switchman on the Pacific Electric Railway in Los Angeles, he saw brakemen and switchmen injured when their dangling key chains were caught on moving trains.

Lummis had an idea for a reel that would keep keys within reach at the wearer's side, safe from snagging on moving rail cars and machinery. His idea became the first KEY-BAK.

Today, over 65 years after the first KEY-BAK was produced, millions are in use worldwide in more than 20 different professions. West Coast Corporation continues as a solid, employee-owned, American company, creating high-quality products people depend on daily.

MINI-BAK®

The ORIGINAL MINI-BAK® SERIES Small Retracting Reels are ideal to keep keys, ID badges, pens and small tools handy and ready for everyday use.

The MINI-BAK® is tested to over 1-Million pulls and is the standard of excellence in small retractable reels.

Nylon cord has a reach of 36" and a retraction force of 2 oz. and can carry 3 keys or an ID badge.

"I'm a nurse and my ID is also my keycard for everything. I swipe 30-40 times a shift and used to go through the cheap retractors like tissue paper, to the point that I was afraid to use them. My MINI-BAK is sturdy and still working great after months of use!"

RETRACTABLE OUTDOOR PRODUCTS

T-REIGN Outdoor® and Boomerang Tool Company® bring the KEY-BAK quality you know and trust to the great outdoors.

PRO SHEATH AND PLIERS

ProSheath is comprised of 7.5" aluminum pliers and a sheath. Unlike other holders, ProSheath has an internal, retractable tether attached to the pliers, preventing drops or loss. The ProSheath provides peace of mind knowing your fishing pliers are protected, secure and conveniently at your side.

- Water resistant
- 36" retractable Kevlar cord
- Belt clip and fixed loop straps
- Heavy duty nylon material
- Corrosion resistant stainless steel jaws
- Replaceable tungsten carbide cutters

RETRACTABLE GEAR TETHERS

Whatever calls you to the wild -- hiking, fishing, biking or camping -- T-REIGN's line of retractable gear tethers will ensure your most important tools are safely by your side. Our gear tethers have a durable and waterproof polycarbonate case, a smooth Kevlar® cord, and a universal gear attachment.

- Rugged polycarbonate case
- Weather-proof materials safe to use in any environment
- Proudly Made in the USA
- Available in 4 sizes, ideal for hunting and fishing
- Rigorously tested and protected by the T-REIGN Lifetime Service Policy

BOOMERANG SNIPS

The Boomerang Fishing SNIP is a revolutionary fishing line cutter that features a built-in retractor so you can spend more time fishing and less time worrying about dropping or losing your gear in the water. Cuts through braid, mono, and fluoro lines in just one click- clean and smooth every time! These attach conveniently to your vest or belt loop, and have a durable retractor, keeping your line cutters secure and handy when you need them.

- Rust resistant 400 stainless steel blades
- Great for braid, fluoro and mono lines
- Integrated blade safety mechanism
- 3 SNIPs to choose from: The Original SNIP, Big SNIP for Salt Water and Long SNIP for Fly Fishing
- Retractable nylon cord

LIFETIME SERVICE POLICY

With over 65 years in business, when we say
“Lifetime Service Policy,” we really mean it...

“In 1980, I became a franchised Snap-On Tool dealer in the Chicago area. The first thing my field manager gave me was a KEY-BAK key reel for my delivery truck and keys. My first thought was, “How long will this new device last?”

Well, I am no longer a Snap-On dealer, but I have used my Original KEY-BAK retractor every day since then. It’s been on my belt for 34 years!

Sadly, this past week the spring has failed and I will have to retire this fine tool. I am sorry that I ever questioned the quality of your device. It truly lasted longer than I ever could have imagined.” - C.N.
